

1 ONE NIGHT FOR ONE DROP

IMAGINED BY
CIRQUE DU SOLEIL

PRESENTED BY:

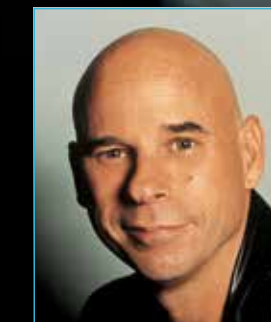

MARCH 20, 2015

AN ANNUAL CELEBRATION TO RAISE FUNDS AND AWARENESS
TO ADDRESS CRITICAL WATER ISSUES.

WE ALL DRINK FROM THE SAME WELL

GUY
LALIBERTÉ

Founder of ONE DROP and *Cirque du Soleil*

I truly believe that water is the driver of human development and sustainable economic growth and with your attendance and commitment we can continue to pursue our goal of ensuring water access for all now and forever.

WELCOME! ON BEHALF OF THE CITY OF LAS VEGAS

CAROLYN
GOODMAN

Honorable Mayor of Las Vegas, NV

On behalf of the City of Las Vegas, I would like to thank you for attending this 3rd annual global philanthropic event, One Night for ONE DROP! Water has been described as the challenge of the century, and your attendance this evening will provide support to the important work ONE DROP is doing locally in Las Vegas and around the world.

This is my third year serving with my husband, former Mayor Oscar B. Goodman, as co-chair of the One Night for ONE DROP Las Vegas Host Committee. We look forward to this event each year to meet the extraordinary leaders and supportive citizens who come together to raise funds and awareness about water.

I'm grateful to ONE DROP for the \$1M donation made to the beautiful Springs Preserve located in the City of Las Vegas for youth education and conservation. With Lake Mead being at a record low level, we need to continue to work together to

preserve our most precious resource...water.

It is no surprise this spectacular, once-in-a-lifetime event was recognized as one of the top ten in the country. Your support will help impact the lives of women, children and families in developing countries that lack access to water as well as impacting the local community.

Thanks again for your attendance and contribution. Every dollar donated is creating change.

Carolyn G. Goodman

Honorable Mayor, City of Las Vegas

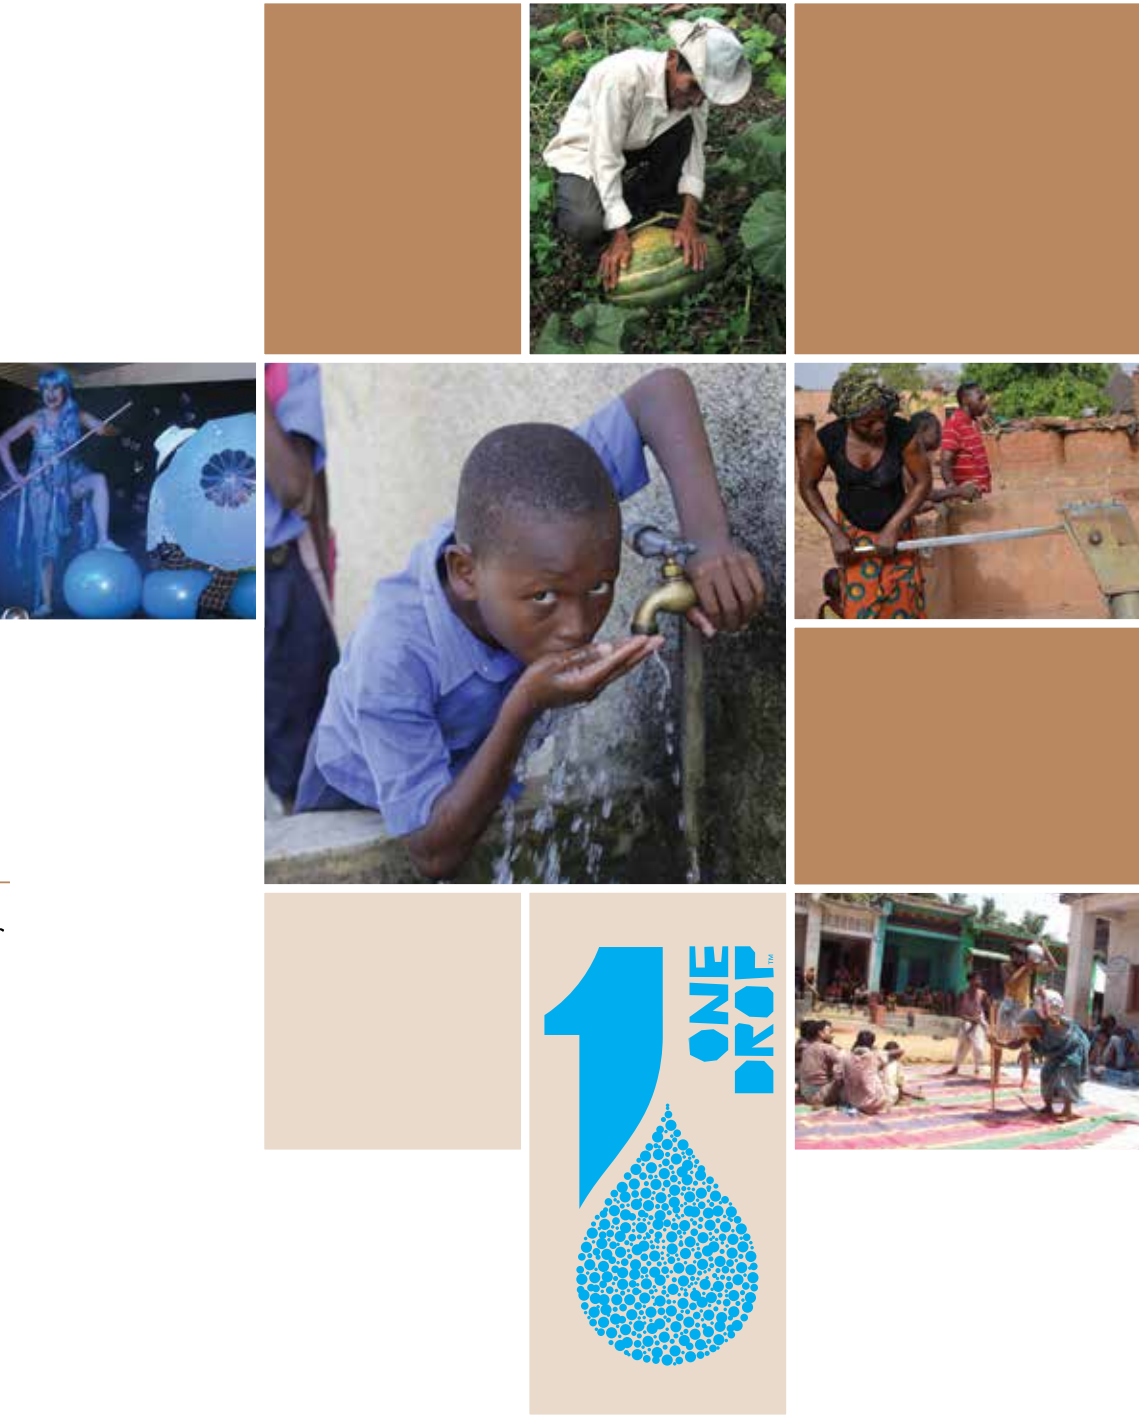

Enriching OUR LIVES. *Inspiring Our World.*

We don't see our resorts simply as destinations. We see them as members of the community. That's why MGM Resorts International is proud to partner with **One Drop** and its mission to make clean water accessible around the world and to promote water conservation in Nevada.

Pursuing a greener way of being. Now that's inspiring.

CATHERINE B.
BACHAND

CEO, ONE DROP

This past year ONE DROP has been on a remarkable growth trajectory. We are proud to say that we have increased the scale and scope of our projects on the ground as well as the speed with which we implement them. This means that the lives of more than one million children, women and men forever transformed through our sustainable water access programs.

But we are not doing this alone.

Born of the compassionate, bold and visionary leadership of Cirque du Soleil Founder, Guy Laliberté, ONE DROP has demonstrated these characteristics frequently by striking ambitious partnerships around the world. It is our profound belief that solving the water crisis once and for all requires unprecedented collaboration.

This comes in many different forms – whether it is an implementation partner on the ground, a corporate sponsor, a guest at One Night for ONE DROP, the volunteer artists who dedicated months of work to this performance or a donor who contributed by text message. All of you are investors in the future of the world.

Of course, our biggest shareholders this evening, our presenting sponsors MGM Resorts International and Microsoft, deserve the utmost recognition not only for their financial support but for their belief in ONE DROP to elicit sustainable change.

Thank you for being here this evening and may this experience inspire you forever!

Catherine B. Bachand

CEO, ONE DROP

A RIPPLE EFFECT STARTS WITH A DROP

FRANCE
CHRÉTIEN-DESMARAIS

Chair, ONE DROP USA

On behalf of ONE DROP Trustees, I would like to thank you for your support and friendship.

May the moments we share tonight and the memories of an extraordinary event in celebration of World Water Day, remind us, how important it is, to ensure that water is accessible to all, today and forever.

Let's all join forces to make it happen

CREATOR OF THE PERFORMANCE

MUKHTAR O.S. MUKHTAR

Creator/Director – One Night for ONE DROP 2014

Mukhtar O.S. Mukhtar has been directing, choreographing and dancing for more than 14 years, fulfilling his childhood dream of becoming a performer. He attended the University of Westminster in London U.K., where he studied Forensic Science and trained as a dancer/choreographer. During this time, Mukhtar began the process of creating PLAGUE, one of the most successful Hip Hop companies to come out of the U.K.

Debating PLAGUE in 2000, Mukhtar led the company to their first U.K. Streetdance Championship, beating 25 other companies for the prestigious title of being the best in the U.K. 2003. PLAGUE continued their reign, winning the U.K. Dance Hip Hop Championship in 2005. That same year, Mukhtar created history by leading PLAGUE to first place at the WORLD Hip Hop International Championships in Los Angeles. The company still holds the title as the only U.K. crew to have won the award.

Cirque du Soleil scouted Mukhtar at the World Hip Hop Championships and felt he possessed the persona and talent to play the role of Krishna – the Indian Love God – in *The Beatles LOVE* at The Mirage in Las Vegas. After a difficult decision, he accepted the position and brought the character to life over the next two years. As he created new elements within *LOVE*, *Cirque du Soleil* witnessed Mukhtar's choreographic potential, and gave him the chance to choreograph a special event production (for *Cirque du Soleil*) in Cologne, Germany, presented by General Motors GM.

Immediately following the event, Mukhtar took a brief hiatus from *LOVE* to act in his first Bollywood movie, 'Sing is King,' and choreograph/perform in the 2008 Beijing Olympic opening and closing ceremonies. He then choreographed a *Cirque du Soleil* production in Washington D.C. for charity foundations Mosaic and ONE DROP in the presence of First Lady Michelle Obama. In 2009, Mukhtar returned to Las Vegas and became involved in *Cirque du Soleil's* first 3-D movie, *World's Away*, directed and produced by award winning James Cameron and Andrew Adamson.

In March 2013, Mukhtar was chosen to choreograph the critically acclaimed 'One Night for ONE DROP' which paved the way to his highly accredited role of concepter and director for the 2nd edition of One Night for ONE DROP that was held on March 21, 2014 at The Mandalay Bay.

Recently, his directorial credits include *Cirque du Soleil's* opening ceremony at C2 MTL 2013 in Montreal, Canada, and he is in the process of directing a new Cabaret experience in Dubai for *Cirque du Soleil* that will premier in 2016.

After a resounding success in 2014, Mukhtar was asked again to return as the Director for the 3rd edition of 'One Night for ONE DROP' to be held at The Mirage Hotel & Casino on March 20, 2015.

COMMIT TO CHANGE.

THANK YOU,
Guy Laliberté & Cirque du Soleil

We are once again proud to support your
dream of a world with water for all.

— Access to —
**WATER IS CRITICAL.
FOR US. FOR EVERYONE.**

We operate mines in some of the most remote regions of the world, so we understand how valuable water is to everybody. That's why we've developed innovative methods of water conservation and reuse at our sites. Currently, 70 percent of our operating mines are zero discharge facilities with all water recycled and reused. We're also working with host communities to implement water monitoring programs and management facilities. Through organizations like ONE DROP, we are able to support local efforts to improve access to safe water, and that's something we can all benefit from.

ONE THOUGHT
ONE WORLD

THE BUCKET - Empty Vessel of Time

DROPS - Thoughts and Memories

CALLIGRAPHER - Time and Change

GUIDE - Knowledge, Wisdom, Past and Earth

A seeker, burdened by life, has been witnessing the desertification of his land and the effect it has had on his family and community. He must find a solution to protect his land and his family from continuous drought. His bucket is old and empty, but must be filled. A Calligrapher and a Guide help the seeker to find ‘drops’ to fill his bucket. Looking to the sky to help solve his quandary, the seeker struggles through a storm finding himself above the clouds where he performs a musical ritual to summon rain for his land. While he succeeds in producing rain, the amount is not enough and clashes with the oil on the land below. He realizes that the problem is bigger than just his land and sets out on a journey to collect water drops and to find the source of this scarcity of water.

The seeker, daunted by this mission, is comforted by the memories of his childhood when there were no problems and his imagination was limitless. As the seeker approaches a city, he witnesses the effect music has on its surroundings, but soon realizes that he is overwhelmed by the technology and the city’s hustle and bustle lifestyle. Everybody has their own struggles and are ambivalent to the seeker’s cause, which leads him to search for the source of the technology that seems to consume the strange people of this city. Inside this source, he begins to appreciate that the technology is fascinating and that change might not be a bad thing, rather an evolution to a new way of living.

Exhausted by his journey and on the verge of giving up, the seeker catches a glimpse of the oasis for which he has been searching. Blocked by his own gridlocked mind, he now understands that he must break free of his mind’s limits to reach this oasis. Once there, the seeker finds no water in this oasis. With his new understanding and enlightenment, the seeker concludes that he must sacrifice all of the drops he has been collecting for his land to create a continuous water source for all.

His journey taught him that he always had the power to make a difference and to help change the world, we must all come together to create a better world for the next generation. The seeker’s work is done and he feels he played his part in making this world a better place.

One Night for One Drop March 20, 2015 - www.onedrop.org

When it comes to our communities, we like getting our hands dirty. And our feet wet.

We believe the best way to support a community is to really get involved in it. Through donations, sponsorships and employee volunteerism, we're actively engaged in water-related initiatives across Canada and beyond. The RBC Blue Water Project™ supports over 700 charitable organizations and is our commitment to help protect clean water in communities around the world. When it comes to clean water, we believe Someday™ can't come soon enough.

Let's make Someday happen.

EVERY DROP COUNTS.

Together We Can Make A Difference.

PARAGON GAMING IS PROUD TO SUPPORT
ONE NIGHT FOR ONE DROP.

FUNDACION
FEMSA

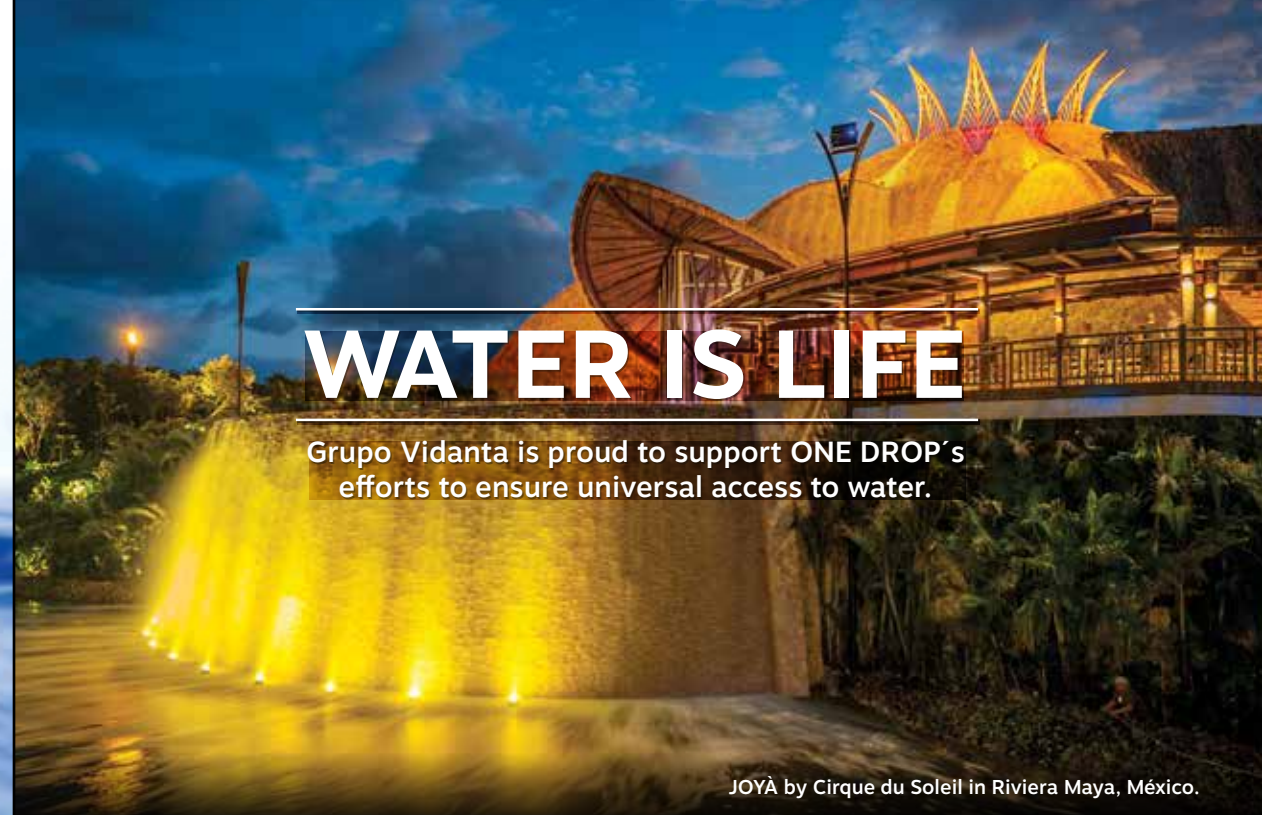

and its donors:

Congratulate OneDrop for their efforts during almost a decade to raise awareness about the importance of water in everyone's lives.

We are proud to share with you a vision of communities with better access to safe water, hygiene and sanitation through creative community participation. We believe this to be one of the most sound steps in the path towards making a better future for all.
